

YUSUF ARISTOKRAT

Pontianak | +62 81255177642 | yusufaristokrat@gmail.com

A recent Information Systems graduate with a strong foundation in systems analysis, technical support, and problem-solving. Possesses hands-on experience in managing IT services and implementing technology solutions to improve operational efficiency. Adept at translating business needs into technical specifications and eager to contribute to the full lifecycle of system development and maintenance.

IT & Facility Building Intern | PT. Angkasa Pura II | Pontianak August 2023 – June 2024

- **Incident Analysis & Resolution:** Analyzed and resolved over 150+ technical incident tickets using Jira, successfully reducing average resolution time by 20% through root cause identification.
- **System & Infrastructure Support:** Provided end-to-end technical support for hardware, software, and networks to over 200 users, ensuring high operational system availability and minimizing downtime by 15%.
- **Technical Solution Implementation:** Designed and implemented technical solutions, including simple automation scripts, to address operational challenges and improve team workflows.
- **Asset & Documentation Management:** Systematically tracked, documented, and managed all service requests and incidents, creating a knowledge base to expedite future problem resolution.
- **Cross-Functional Collaboration:** Worked closely with various departments to understand their technical requirements and ensure that provided IT solutions were aligned with company business goals.
